Annual Indexes

Volume 3—October 1973 to July 1974

1. Subject Index

A

Active and Passive Illumination for Teleoperator Visual System Aplications (Abstract) ... 112
Aerodynamically Induced Air Exchange in the Optical Cavity of a Luminaire ... 50
Discussion ... 203
Alternative Method of Specifying Polarization ... 366
A Luminance Approach to Highway Sign Lighting ... 122
American National Standard Practice for Office Lighting ... 3
A New Detection System for Automotive Headlamp Photometry ... 77
Discussion ... 205
A New Gonioradiometer for Total Flux Measurements ... 349
Angular Coordinate System for Computing Equivalent Sphere Illumination 224
A Proposal for ESI Ratings ... 211
A Simple Portable Instrument for Measuring Heat Flux Density 0.1 to 3 Watts/Sq. cm ... 70
A Study of the Functional Relationship of ESI Variations and Luminous Distributions ... 372
A System of Photometry and Colorimetry Based Directly on Visual Response ... 99
Automotive Headlamp Photometry ... 77

B

Ballast Regulations for High Intensity Discharge Lamps ... 310
Book Reviews ... 206

C

Characteristics of Ballast Regulations for High Intensity Discharge Lamps ... 310
Color-Discrimination of Fluorescent Lamps ... 50
Contributions to the Design of the High Pressure Sodium Lamp ... 303
Cost Analysis of Roadway Lighting and Vehicular Lighting Practice in Urban Areas ... 129

D

Daylight, Illumination Levels from Clear Skies ... 153
Determination of Illumination at a Point in Interior Spaces ... 170

E

Energy Balances for Some High Pressure Gas Discharge Lamps ... 323
ESI, a System for Computing ... 224
ESI Ratings, a Proposal for ... 211
ESI Variations and Luminous Distributions, Study of ... 372
Effect of Light on Impression and Behavior ... 87

F

Failure of Incandescent Tungsten Filaments by Hot Spot Growth ... 295
Fluorescent Lamps with High Color-Discrimination Capability ... 61
Discussion ... 205
Further Studies on the Effects of Brightness Variations on Attention Span in a Learning Environment ... 249

G

Gonioradiometer for Total Flux Measurements ... 349

H

Heat Flux Density, Measurement of ... 70
Heat Starting a High Pressure Sodium Lamp ... 330
HID Lamps, Stroboscopic Effect of ... 83
HID Lamps with Incandescent Color ... 95
Highway Lighting (See Roadway)
High Pressure Discharge Lamps, Energy Balances for ... 323
High Pressure Sodium Lamp, Contributions to Design of ... 303
High Pressure Sodium Lamp, Heat Starting ... 330
How Much Light Does a Surgeon Want? 346

I

IERI Report, Losses in Nighttime Visibility Caused by Transient Adaptations ... 336
IERI Report, Predetermination of Effective Illumination ... 354
IES Approved Method for Electrical and Photometric Measurements of General Service Incandescent Filament Lamps ... 163
IES Approved Method for Photometric Testing of Indoor Luminaires Using High-Intensity Discharge Lamps ... 160
IES Approved Method of Reflectometry 167
Incandescent Lamp Color with High-Intensity Discharge Lamps ... 95
Discussion ... 290
Incandescent Filament Failure, by Hot Spot Growth ... 295
Incandescent Lamp Filament Life, Effect of Fill Gas ... 317
Infrared Emitting Fluorescent Lamp and Applications ... 234
Interim Study of Procedures for Investigating the Effect of Light on Impression and Behavior ... 87
Discussion ... 283
Interior Lighting of Public Conveyances —Road and Rail ... 381

L

Library Lighting, Recommended Practice ... 253
Losses in Nighttime Visibility Caused by Transient Adaptation ... 336
Luminaires, Spacing Criteria for ... 41

M

Marine Lighting, Recommended Practice ... 397
Modern Light Sources for Highways ... 142
Movement of People Toward Lights ... 237

N

Nighttime Visibility Losses ... 336

O

Office Lighting, American National Standard Practice ... 3
On the Interpretation of Preference Experiments in Illumination ... 157
Optical Cavity of a Luminaire, Air Exchange in ... 50

P

Photometric Measurements of General Service Incandescent Filament Lamps 163
Photometric Testing of Indoor Luminaires Using HID Lamps ... 160
Photometry and Colorimetry, Based on Visual Response ... 99
Photometry, Spectroradiometry ... 229
Predetermination of Effective Illumination ... 354
Preference Experiments in Illumination 157
Pressure Effects of the Fill Gas on the Filament Life of an Incandescent Lamp ... 317
Public Conveyances, Committee Report, Road and Rail ... 381
Marine Lighting ... 397

R

Recommended Practice of Library Lighting ... 253
Recommended Practice for Marine Lighting ... 397
Reflectometry, IES Approved Method of ... 167
Road and Rail—Interior Lighting ... 381
Roadway Lighting, Air Exchange in the Optical Cavity of Luminaire ... 50
Roadway Lighting, Cost Analysis in Urban Areas ... 129
Roadway Lighting, Luminance Approach to Highway Signs ... 122
Roadway Lighting, Modern Sources for Highways ... 142
Roadway Lighting, Photometric Data ... 135
Roadway Lighting System Design ... 115

S

School Lighting Studies on Effects of Brightness on Attention ... 249
Shipboard Lighting (See Marine Lighting)
Single-Socket Fluorescent Lamps ... 65
Spacing Criteria for Interior Luminaires—The Practices and Pitfalls ... 41
Discussion ... 287
Spectroradiometry Photometry ... 229
Statistical Presentation of Roadway Photometric Data ... 135
Discussion ... 290
Stroboscopic Effect of High Intensity Discharge Lamps ... 83
Discussion ... 282
Surgical Lighting, How Much? ... 346

T

Theory, Design, and Application of Single-Socket Single-Electrode Fluorescent Lamps ... 65
Discussion ... 202
The Use of Perspective Techniques in the Calculation of Illumination Levels from Clear Skies ... 153
Transportation Lighting Public Conveyances ... 381
Marine ... 397

2. Author Index

B

Beare, Arthur N.—Losses in Nighttime Visibility Caused by Transient Adaptation 336
Beck, William C.—How Much Light Does a Surgeon Want? 346
Bober, Edward S.—Aerodynamically Induced Air Exchange in the Optical Cavity of a Luminaire 50

C

Cohen, Sheppard—Heat Starting a High Pressure Sodium Lamp 330
